Features

- Ergonomic handle design
- Clear bowl and lid
- Lid locks on bowl
- Low porosity
- 3 batch capacity
- Vacuum mixing
- Continuous, 360° blade scraping design
- 2:1 gear ratio for quicker mix
- Dual Blade Design for universal mixing of all types of bone cement

Unique blade biasing system to ensure blades scrape bowl whether mixing with or without vacuum (for superior mixing).

New bowl design to optimize mixing, reducing porosity and unmixed powder for high and low viscosity PMMA based bone cements.
